

# GET UNLOCKED!

**Lock And Key EVENTS**  
are the hottest way  
for singles to mix,  
mingle and match.

**We take a regular happy  
hour and transform it  
with the ULTIMATE  
ice breaker theme.**

Using your lock or key, approach anyone that catches your eye. You have the perfect opening line...  
"Are we a match?" You will hear the now familiar sound of yelling and laughter when someone has  
found a match.....

No standing around waiting for someone to talk to you. No being forced to talk to people you have  
nothing in common with. These parties have a fun, exciting energy that makes people WANT to  
approach you...and vice versa.

**What are you waiting for? Sign up now!**
